### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior rejection has been overcome by perfection of the foreign priority.

The closest prior art is considered to be Macromolecules, 1989, volume 22, page 4253-4259, which was previously cited by the examiner. The article teaches a repeating unit comprising two carbazoles with a carbocyclic group in between the carbazole groups (see Figure 1). The carbocyclic group between the carbazole groups only contains 4 carbon atoms whereas the claims require an aromatic group with 6-60 carbon atoms. Claims 1-14 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dawn Garrett whose telephone number is (571)272-1523. The examiner can normally be reached Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rena Dye can be reached at (571) 272-3186. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
